ANNUAL REPORT

It is with great pleasure and satisfaction that I place before you the report of the Foundation along with the audited balance sheet as on March 31, 2022. Though the year was marred with unprecedented situations created by the pandemic and the related issues and restrictions, with the support and guidance of a strong and vibrant Executive Committee and a Governing Council we were able to have a fulfilling year and further the cause of the Foundation.

ANNUAL GENERAL MEETING 2021

The last AGM of the Foundation was held on 30th September 2021 at Carreo Business Centre, Panampilly Nagar, Kochi. The General Body elected the following members to the Executive Committee for the year 2021-2022:

President	: Dr. Junaid Rahman
Vice President	: Mr. Thomas Joseph
	: Dr. C. M. Radhakrishnan
	: Mr. J. Paul Raj
	: Mr. Vinu Verghese
	: Mr. Benny Zachariah
	: Mr. K.V. Narayanan Kutty
	: Mr. A. Balakrishnan
Honorary Secretary	: Mr. R. Madhav Chandran
Joint Secretary	: Dr. Anil Joseph
	: Mr. K. P. Rajagopal
	: Mr. Saji Chandran
Treasurer	: Mr. Mathew Joseph

The detailed proceedings of the AGM have been circulated separately.

The Executive Council met on 15th October 2021 and unanimously decided to reconstitute Governing Council for the year 2021-22:

GOVERNING COUNCIL

Mr. Bibu Punnooran, Dr. Binu Joseph, Mr. Dinesh Thampi, Mr. E. P. George, Mr. John George, Mr. T. S. Jairaj, Mr. R. Mysamy, Mr. Paresh Shah, Mr. Prasad K. Panicker, Mr. Rahul Mammen, Mr. Salil Gupta, Mrs. Sujata Madhav Chandran, Mr. Vivek Krishna Govind, Mr. Santhosh M Sunny, Mrs. Susie Paul, Mr. Vijith Jagadeesh, Mr. N Sundaravadivelu.

The Executive Council also co-opted Dr. C.N. Mohanan Nair, Dr. Nibin Bose and Dr. Binu Upendran as Medical Advisors and Mr. T. R. VijayaKumar, Mr. R. Jayasankar and Mr. Rajmohan Nair as Special Invitees for the year 2021-22.

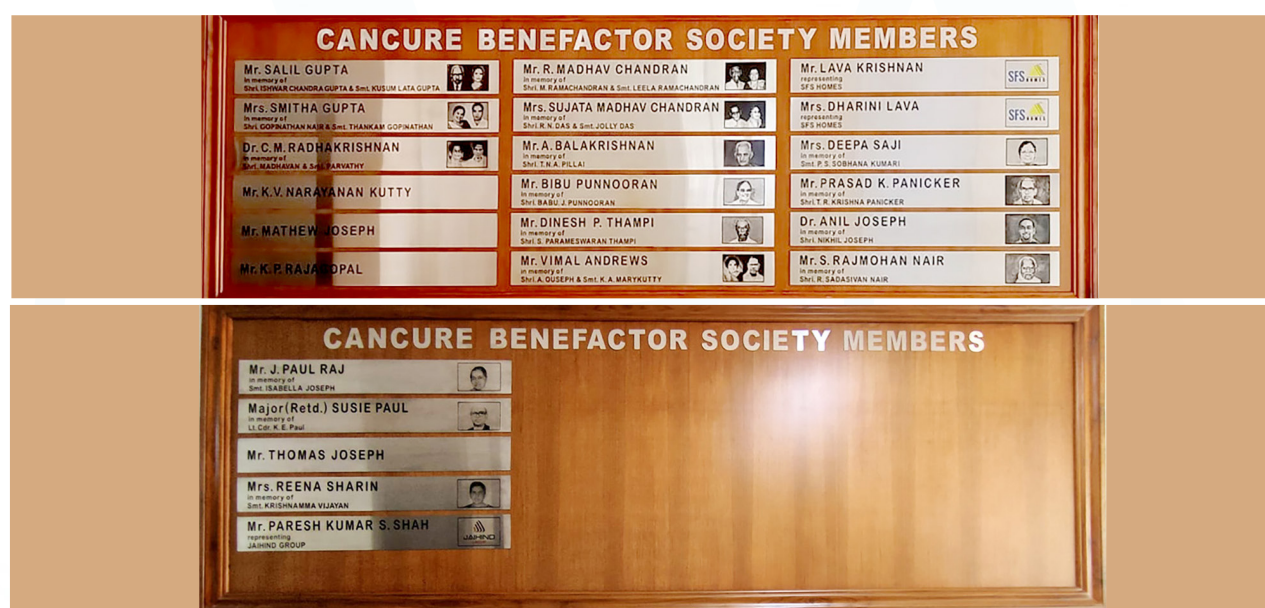

MEETINGS

During the year under reference the Executive Committee and the Governing Council members met periodically at various instances to discuss and review various activities and decide on the way forward.

MEMBERSHIP

Currently we have 4 categories of membership – Patron/ Corporate Patron, Corporate Member/ Benefactor, Benefactor Society Member and Ordinary Life Member: Patron/ Corporate Patron paying Rs. 5 lakhs, Corporate Member/ Benefactor paying Rs.1lakh and Ordinary Life Member paying Rs.10,000/- as donation to the Foundation while enrolling as members. We also have the Benefactor Society Membership which was approved in the last AGM, when a Benefactor member commits to pay either Rs.1 lakh every year or Rs.10,000/- every month as a confirmed donation he will be called as a Benefactor Society Member and his/her name will be displayed at the Cancure Centre in a special board and with an option to dedicate the membership in memory/ commemoration of a person(s) or a brand.

We continued to follow strict guidelines of ensuring unanimous acceptability among existing members before inviting probable individuals/corporates to become members of the foundation, and based on a no - objection from all existing members only all these members were added. This has ensured that all our members are of impeccable stature and standing in the society and are the real assets of our Foundation. Currently we have 225 members including newly added 1 patron member, 16 life members and 23 benefactor society members since we held our last AGM.

ACTIVITIES AT THE FOUNDATION

'ROTARY FOR HER CARE' - MOBILE MAMMOGRAPHY CAMPS

Our Mobile Mammography Camps which were suspended due to the pandemic restarted recently with the vehicle travelling to remote areas to conduct camps. While we had to suspend these camps for over 2 years, we tried to use the equipment and continue the project in a different manner during the year under reference with a new arrangement by signing an MoU with AIMS as approved by the Rotary officials. The plan was to utilize the equipment in the situation when restrictions on physical contacts and camps were there, by conducting weekly screening of the participants at AIMS premises itself on every Friday & Saturday. We could conduct 3 such camps with the support of 3 Rotary Clubs at AIMS campus. Due to non-usage of the system, we had to spend substantially to repair and maintain the equipment and vehicle too during this period.

However, with the pandemic easing out we restarted the remote camps again and the 72nd camp was conducted at Koothattukulam and the 73rd at Tripiunithura. More camps are now lined up in the coming weeks.

From the 73 camps till now, we have completed screening of 2918 participants. Significantly, 684 cases of these were referred for USG for further investigation. The services are being offered completely free of cost to all participants including the required USG at AIMS. Its noteworthy to mention that 42 positive cases were detected in our camps this far.

ROTARY CANCURE LOURDES DIALYSIS CENTRE

Rotary initiated Cancure Lourdes Dialysis Centre is all set to cross 3500 dialyses process soon, since its inception in March 2021. We now do routine dialysis for an average of 7-8 patients per day. At present the centre is operational from 7am with the first dialysis process commencing at 8am with a time gap of 20 minutes between each patient's dialysis initiation procedure. It takes nearly 5 hours to complete the process of one dialysis including pre and post dialysis observations. Now we have successfully completed 3360 free dialysis till date and most of these patients are given the service completely free of cost, though as per the arrangements with Rotary a subsidized registration amount of 350/- per dialysis could be charged. But these patients are in such dire straits, that we are giving most of them our services completely free of cost.

As per the agreement that we have, Cancure pays Rs. 825/- per dialysis to Lourdes hospital for their medical and technical support. Currently we have a waiting-list of patients and we are planning to commence a second shift of operations very soon. This would mean doubling of our effort and operational expense too. Cancure has provided for a duty doctor exclusively for the dialysis centre on our rolls and also the required manpower for the housekeeping and management of the centre.

The centre operates with all safety protocol in place from Monday to Saturday irrespective of any National / Festival Holidays. It is noteworthy to mention that the operations at the centre was not affected even for a single day during the Covid-19 pandemic/statewide lockdown periods.

CANCURE SANTHWANAKENDRAM - PALLIATIVE CARE CENTRE

Our Santhwanakendram Palliative Care Centre is making its strong stride forward. We have taken care of over 50 patients till now. Most of these patients were referred from General Hospital, who remains our supporting medical partner for the palliative care centre. Since we started our operation in March 2021, it is noteworthy to mention that we could gracefully bid farewell to 21 such patients in their last journey.

The palliative care activities are effectively carried out by the team lead by Mr. K. J. Peter and his Jeremiahs Home & Bertoni Palliative care which is a charitable trust who has entered into an MoU with Cancure. We provide all the needed infrastructure including electricity and water. Since February 2022 Cancure has been taking care of the

complete food expenses of the inmates too. The centre is fully equipped with its own ambulances available round the clock to transport the inmates to the hospital in case of any emergency. The support team consists of 15 staff members who are well trained and groomed to take holistic care of inmates and are available round the clock at the centre. Doctors from the General Hospital come for rounds to check on the patient's conditions. In addition to this, our duty doctor at the dialysis centre also monitors the inmates of the palliative care centre on a daily basis. Cancure Santhwanakendram is now a role model for any best run palliative care centres in this part of the world.

'KARUTHAL' - EARLY CANCER DETECTION CAMPS (ECDC)

Karuthal, our signature project for medical camps had been continuing successfully and completed 86 camps so far covering 8079 participants till the camps were suspended due to Covid 19 pandemic since March 2020.

ECDC camps have always been received well and Karuthal has been a very successful initiative. We have been conducting these camps with the support of the Doctors and nursing staff of the Oncology Department at the Ernakulam Govt. General Hospital. The camps continue to serve the general public ever since it started on February 04, 2016 and has become a benchmark in the conduct of early cancer detection camps. We are in touch with the authorities to restart these camps at the earliest so that our team alongwith the General Hospital team can visit remote locations and do screening.

PATIENT SUPPORT SCHEME

Our medical support scheme for the economically backward patients has been our main activities since we started our Foundation in 2007. We have been doing this help for many years and must thank the guidance and sincere efforts put in by our Founding Medical Advisor Dr. Mohan Nair for helping us find our way forward since our inception. The support from our Pharma Partner, M/s. Maria Pharma by providing medicines at subsidized rates was the mainstay for this activity. However thanks to our close relationship with Ernakulam General Hospital and with the presence of our President Dr. Junaid Rahman many more such poor patients could be enrolled into various schemes of the Government at the General Hospital itself. We must specifically mention our close relationship with the committed and well-equipped Oncology team also there in admitting such patients there and providing them the required treatment. The Secretariat also contacts the patients supported by us at regular intervals to get updates on the status of their physical condition.

'ROTARY FOR HER CURE: MATHRURAKHSHA' – PROJECT TO SUPPORT BREAST CANCER PATIENTS

"Rotary For Her Cure- Mathruraksha" – a treatment support project for 100 Breast Cancer surgeries and follow- up treatment, is a project initiated by Rotary Club of Kochi United and supported by Rotary District 3201 and AIMS Hospital, Cochin. Through this project the treatment cost of the selected patients would be borne by Rotary and any cost over and above this amount would be borne by AIMS. Cancure is the coordinating agency between Rotary District, Rotary Kochi United and AIMS in selecting the genuine beneficiaries by conducting their socio- economic check and also assisting in the documentation, as well as doing regular follow-up with the patients for the effectiveness of the project. Our team visits their households, interviews the family members and even their neighbours, and record and document adequate proof of their financial background before approving such cases for the project, irrespective of their locations and addresses.

The project covers the entire costs for breast surgery, chemotherapy and radiotherapy of such patients. We soft-launched this scheme in February 2022 and since then 10 patients have been enrolled and treated under this project. All these patients have undergone surgeries and the related supportive therapies after that and are doing well now. We must put on record the support and sincere efforts put in by our newest Life Member and the Department Head at AIMS Kochi, Dr. D. K. Vijayakumar in this regard.

DONATIONS FROM GOOD HEARTS – OUR LIFELINE TO GO ON WITH OUR GOOD WORK

Though we did not have any specific fund-raising events or programs to generate funds, we receive continued support from our members & many well-wishers. Regular monthly donations from our Benefactor Society members remain our main source of funding and some of the names that cannot be missed here are our dear members Mr. Salil Gupta, Mr. K. V. Narayanan Kutty, Mr. K. P. Rajagopal, Mr. A. Balakrishnan, Mr. Nawaz Khan etc. We have 23 Benefactor Society Members as of now and we need to increase that count to ensure the smooth flow of funds needed to take care of our operations without any disruptions.

SFS Homes lead by Mr. Lava Krishna & Mrs. Dharini lava are both integral part of our Foundation. Both of them enrolled as Benefactor Society Members during the year and also supported us with Rs. 3 Lakhs each during this year.

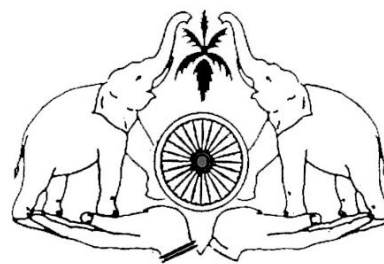

UST Global continued to support us by contributing from their CSR funds and they provided 2 installments of Rs. 3 lakhs each during the financial year to support our free dialysis services. Special thanks to its head Mr. Sunil Balakrishnan and the CSR team lead by Mr. Prasanth Subramanian for their faith in us.

**U -
S T**

Rotary Club of Cochin Titans joined hands with Haeal and donated a large quantity of hygiene products for our use at the centre as well as for distribution to the neighbourhood to combat the spread of the pandemic. Sets of handwash solutions, sanitizers, soaps and other items were handed over to the Panchayat member for distribution in the houses nearer to our centre at Vypeen. Thanks to our Patron Member Mr. Rahul Mamman for this gesture.

Ernakulam District Panchayat has a scheme to support poor dialysis patients. They are providing Rs.1,000/- per week for dialysis of the economically backward patients under the directions of the District Medical Office, Ernakulam. Cancure has been recognized by them as an eligible service provider and we have been receiving this amount during the year of 2021-22 till March for the patients who are selected for the scheme. An amount of Rs. 5,39,000 was received as grant from them during the last year. We hope that the Panchayat will have the scheme running for this year too to help our patients.

'ROTARY IRUN' & SUPPORT BY ROTARY CLUB OF COCHIN DOWNTOWN

Rotary Satellite Club of Cochin Downtown launched their service activities by supporting us by organizing a unique virtual solo Run - Rotary iRun during the lockdown times. Nearly 1000 participants from all over 17 countries took part in the run. As part of the proceedings of the event, Rs. 2.50 lakhs was handed over to Cancure Foundation. Their parent club and the club that was instrumental in the formation of

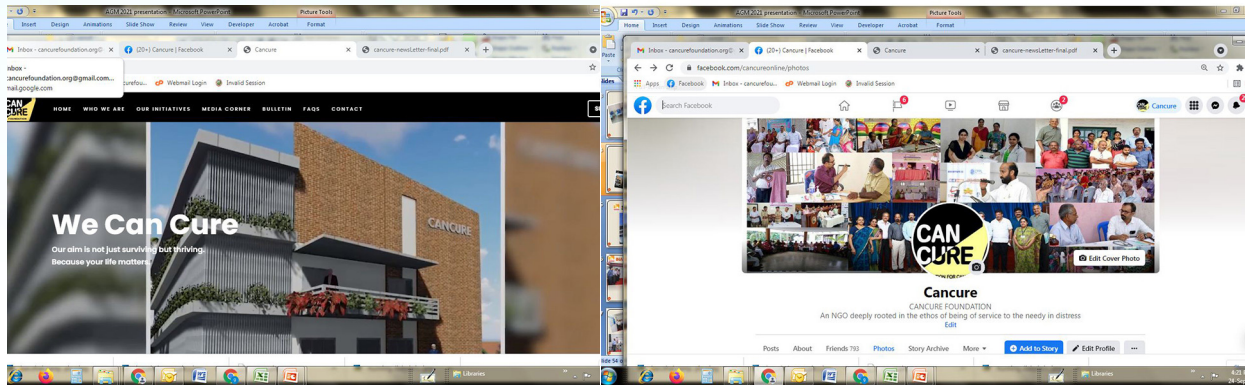

Cancure way back in 2007, Rotary Cochin Downtown, handed over a lumpsum contribution of Rs. 5.25 lakhs collected from its members for supporting our activities during the year 2021-22. We must place on record our gratitude to the current and past President of Rotary Cochin Downtown and our Governing Council Members Mr. Dinesh Thampi and Ms. Sujata Madhav Chandran for their wholehearted support in initiating these.

SUPPORT BY OUR BANKERS - BANK OF BARODA

In a unique gesture, our banker Bank of Baroda had given a special approval to have the exclusive payment gateway for collecting donations to Cancure Foundation without levying any charges. We express our special thanks to Life Member Mr. Mohandas and the officials at our bank's branch for continuing to facilitate this free payment gateway. This approval is given to Cancure Foundation as a special case and it shows their confidence in our operations and projects.

SOCIAL MEDIA OUTREACH

Give India Foundation had approved Cancure Foundation and included us in its list of prestigious NGOs who can source donations through their campaigns and promotion. Rigorous scrutiny of our operations, financial management and transparency were carried out during their selection process.

Cancure has been effectively using Whatsapp, Facebook and its own website www.cancure.in. The Foundation's Facebook page is also being updated on all the projects and news.

CELEBRATIONS AT SANTHWANAKENDRAM

Inspite of all the pandemic issues and restrictions, our members met at the Santhwanakendram multiple times during the year to commemorate special days like Onam, our anniversary dates and other special occasions by providing special lunch for the inmates and also having food alongwith them. We encourage our members to support more such occasions to instill a feeling of encouragement and motivation to our staff and volunteers by being with them occasionally. Also we invite every member to visit our premises atleast once in a while and feel the pride of being a part of the noble activities that the Foundation is undertaking.

UPCOMING PROJECT

'CANCURE CAN CARE' CENTRE – PROJECT CANCURE HOSPICE

The year saw a monumental milestone in our journey forward. An expansion project for our Santhwanakendram is on the anvil. A project that can soon transform our NGO to be one among the unique in its space of operations.

With our experience this far with Cancure Santhwanakendram, we have found a crying need in the society for a centre providing high quality care for bedridden patients who needed palliative care. Interesting fact is that this need is not limited to the downtrodden or destitute in the society alone, but even in common households where the relatives are finding it difficult to provide such care for their dear ones at their homes. Our managing committee members held several round of discussions and decided to expand our operations to include all those who needed support for palliative care – irrespective of their economic background. This means our doors will be open to anyone who is bedridden – rich or poor – to avail our specialized services and facilities, provided we have free beds available. The main addition from the current infrastructure will be that we will provide limited number of beds where a bystander also can have the facility to be with the patient. The

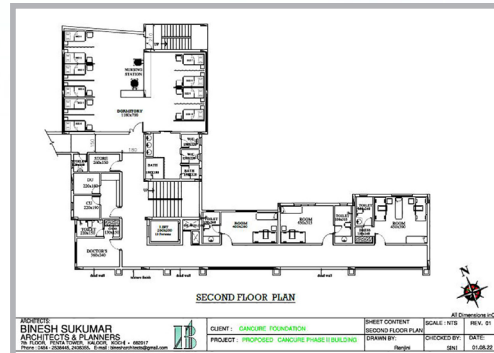

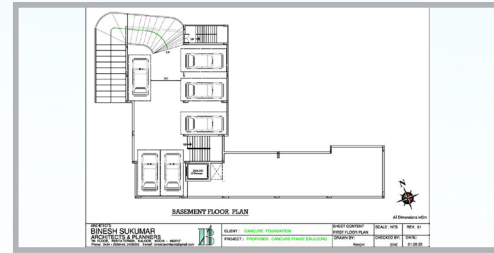

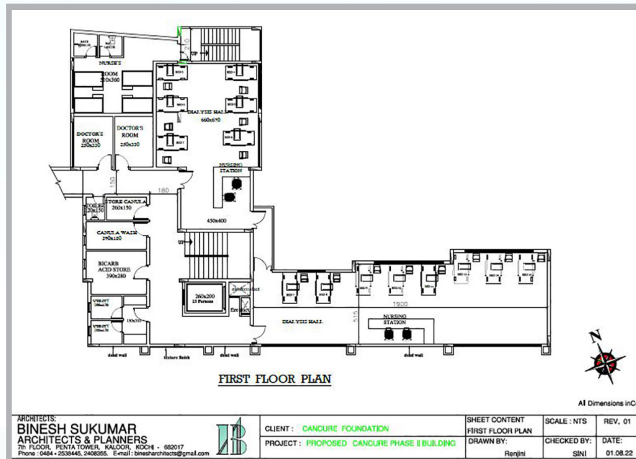

quality of our services will be the same to all patients and we will continue to offer all our services without charging any of our patients.

In order to facilitate the new project a committee has been formed with our Vice President Mr. Narayanan Kutty heading the same. The committee met several times and finalized the purchase of the 16 cents of land adjacent to our centre. It is a significant achievement that we could complete this purchase transaction spending over Rs. 60 lakhs by mobilizing the funds exclusively from our own members in a quick time. Every member came forward to contribute some amount to complete the collection. The Governing Council places our heartfelt gratitude to each and every member who made this possible.

We intend to construct a new building in this land with all the modern facilities there and will make it work in unison with our existing Santhwanakendram. Our Founding LifeMember and renowned Architect Binesh Sukumar has already started working on this project and we intend to start an exclusive fund-raising drive for this project and start the construction during the coming months.

SUGGESTED FLOOR PLANS FOR THE NEW BUILDING

ELIGIBILITY FOR RAISING CSR FUNDS AS RECOGNIZED BY MCA

As per Notification issued by Ministry of Corporate Affairs Dt. 22nd January 2021, it is mandatory for all NGO's which wants to raise CSR funds to enroll with MCA with effect from 01.04.2021 to get CSR funding. Form CSR-1 is required to be filed pursuant to Section 135 of the Companies Act, 2013 and Rule 4 (1) and (2) of the Companies (Corporate Social Responsibility Policy) Rules, 2014 as amended/substituted by the Companies (Corporate Social Responsibility Policy) Amendment Rules, 2021. As required, Cancure Foundation is registered with Ministry of Corporate affairs vide Registration Number CSR00002427 and duly eligible to receive CSR funds from corporate houses.

NEW REGISTRATION WITH CBDT FOR 80G AND OTHER BENEFITS

Government of India had notified in March 2021 about the need for a new registration procedure for NGOs and Charitable Trusts and other institutions under section 12AB and section 10(23C) of the Income Tax Act. As required our auditors guided by our Treasurer Mr. Mathew Joseph has done all that was needed for filing the necessary documents and it is our pleasure to inform that Cancure Foundation is one among the first NGOs who has registered again as per the new directives with Income Tax Department vide Unique Registration No. (URN) AABTC7227JF20216 valid from AY 2021-22 to 2026-27 (5 years) and thus eligible for all the tax benefits of a bonafide charitable organization.

SECRETARIAT APPOINTMENTS

We have a fully functional Secretariat now lead by Mr. Paul K. L., Operations Manager, Mr. Santhosh C. H., Communications Manager, Ms. Greeshma Joseph, Program Coordinator and Ms. Simi Josy, Centre-In –Charge at the Dialysis Centre and Ms. Ashalatha as housekeeping staff. We also have Dr. Nishanth Krishnan as the full-time doctor at the centre and Mr. Shiju T. J. as our Driver for the Mobile Mammogram Unit on our rolls.

APPOINTMENT OF AUDITORS

M/s. Subi Joy Oliapuram CA was appointed as the auditors for the period of report and they have done a meticulous work in auditing our accounts and presenting the same before our members here. We place on record our gratitude to our auditors as well as to the entire staff members of our Treasurer Mr. Mathew Joseph for their inputs and efforts.

CONCLUSION

As I conclude, on behalf of the members of the Executive Committee & the Governing Council, I profusely thank each and every member who supported the various activities of the Foundation so wholeheartedly. We profusely thank the meticulous and sincere efforts put in by our Treasurer Mr. Mathew Joseph and his office in maintaining our books so perfectly. Our Treasurer's office has been doing a complete and comprehensive task with all the statutory compliances and reporting being taken care of on a pro-bono basis. We also place on record our immense gratitude to each and every donor from within and outside Cancure Foundation, whose contributions helped us in our mission to help the needy.

The Secretariat team too deserve their share of recognition for executing our noble mission throughout the year. Various Rotary Clubs and officials of Rotary District as well as our other local partners have been so helpful in carrying out our operations. The medical team from Lourdes Hospital is actively involved in the day to day operations of the Dialysis Centre, also the teams from General Hospital and Amrita Institute of Medical Sciences have been a constant support for all our activities. I take this opportunity to thank them all on behalf of Cancure Foundation.

The past year was a challenging one for all, and we have done our best to realize our noble dreams in spite of all the adverse conditions all around. It is to be mentioned here with pride and gratitude that our operations were not affected for even a single day – be it at the Dialysis Centre or the Palliative Care Centre due to any of the issues related to pandemic or even hartals or other social issues. We worked on all days irrespective of even the public holidays.

The upcoming year is going to be an action packed year with us consolidating ourselves as one of the best dialysis facility and being a unique and outstanding palliative care provider and also gearing up to initiate the expansion of our activities with the new building and extending our reach to all strata in the society. A concerted effort is needed from all among our ranks and outside, to make this dream a reality and making the Cancure brand synonymous with quality care for all those who need it - when they desperately need it.

Before concluding I wish the new committee and the office bearers all success in their endeavors to take Cancure Foundation to scale greater heights - as a great organization deep-rooted in its values of ethics, integrity, transparency and accountability, and touching those challenged lives who are in need of support, and help in the promotion of awareness on early detection and prevention and treatment of cancer and renal illnesses, and providing high quality palliative care to the needy.

R. Madhav Chandran
Honorary Secretary

Your generosity is greatly appreciated as you have been at the forefront of lending a helping hand to the less fortunate and needy around you. Cancure offers you an even better opportunity to be a part of a continuous stream of support that you can provide to the underprivileged.

Become a Member of the Cancure Benefactor Society!

By committing a fixed contribution every month/year, you would be supporting the dialysis for a set of poor patients and thus adding more days to their lives. Through this generous act, you will, in turn, receive a legacy and a lifetime monument at the Cancure Santhwanakendram where your name will be engraved in golden letters as a 'Benefactor Society Member', as an integral part of the functioning of the centre. Along with that, the name and picture of your dear ones, if any, in whose memory you would like to dedicate this contribution, will also be displayed. What's more, we will commemorate 2 special days in your life – be it a memorial day(s) of your dear ones who are bereaved and/or any special day in your life, by lighting a lamp or candle and offering a prayer for their souls and by providing food and essentials to our inmates.

**If you could
save a life
would you?**

**You cannot gift a life
but you can
help save it.**
